# Level 2 Certificate in Bookkeeping (QCF)

## 1 Introduction

This qualification is part of the Qualification and Credit Framework (QCF), which became fully operational in September 2010. Qualifications within the framework are made up of units and each unit is given a credit value, where one credit represents 10 hours of learning time. The title of every qualification within the new framework will contain details of the size (award/certificate/diploma), level of difficulty (Entry to level 8) and general content of the qualification. This qualification is **competence** based, as it is deemed to include all the relevant knowledge and skills for a level 2 bookkeeper.

It is anticipated that the majority of providers engaging with the QCF will be in a position to obtain a Unique Learner Number (ULN) and this should have been evidenced through the completion of the IAB Supplementary QCF accreditation of centres Application Form. It is a condition of operating within the QCF that this document has been fully completed and accepted by the IAB, for any QCF qualifications which have been publically funded. This will confirm that providers are in a position to generate a ULN, which in turn will allow the successful completion of any QCF unit or qualification to be transferred to each individual Personal Learner Record. A key aim of the Personal Learner Record is to improve the flow of information about learners from schools to other education providers and ultimately employers, leading to more effective data sharing and better decision making.

Learners studying without being attached to an IAB accredited training centre, should contact the IAB for further information.

## 2 Aims

In summary, the IAB Level 2 Certificate in Bookkeeping aims to:

- 1 Act as an introduction to the underpinning knowledge of financial record keeping and account preparation within the scope of double-entry bookkeeping, and giving the candidate the necessary skills to record financial transactions in both a manual and computerised, double-entry bookkeeping system.
- 2 Give candidates the necessary underpinning knowledge and skills to assess their own competence and understanding in carrying out a range of day-to-day bookkeeping routines and activities using either a manual or computerised double-entry bookkeeping system. The underpinning knowledge gained from this qualification will enhance a candidates understanding of a computerised bookkeeping system based on double-entry. The activities will include entry of business transactions into the double-entry ledger system, and further routine bookkeeping tasks

- 3 Give candidates the necessary underpinning knowledge and skills to assess their understanding of the importance of maintaining accuracy, security and integrity in performing any bookkeeping tasks using either a manual or computerised double-entry bookkeeping system.
- 4 Enable candidate to progress in their learning to further develop their knowledge, understanding and skills of dealing with financial transactions by:
  - Undertaking further studies of bookkeeping and accounting routines and procedures at Level 3 both in manual and computerised environments.
  - Widening their skills at this level by progressing to the IAB Level 2 Certificate in Computerised Accounting for Business as this aims to give a Sage competency qualification alongside the IAB qualification and includes units not covered within the bookkeeping competency.

### **3 Links to National Occupational Standards**

Direct relationship based on NOS for Accountancy and Finance FA-1,FA-2 and FA-3

### **4 Target groups**

The IAB Level 2 Certificate in Bookkeeping is aimed at individuals who wish to further their studies of bookkeeping and gain a competence qualification at Level 2 of the National Framework having completed studies of the IAB Level 1 Award in Bookkeeping. It could also be used by those candidates who have some practical knowledge and skills and wish to gain an accredited competence qualification in this subject.

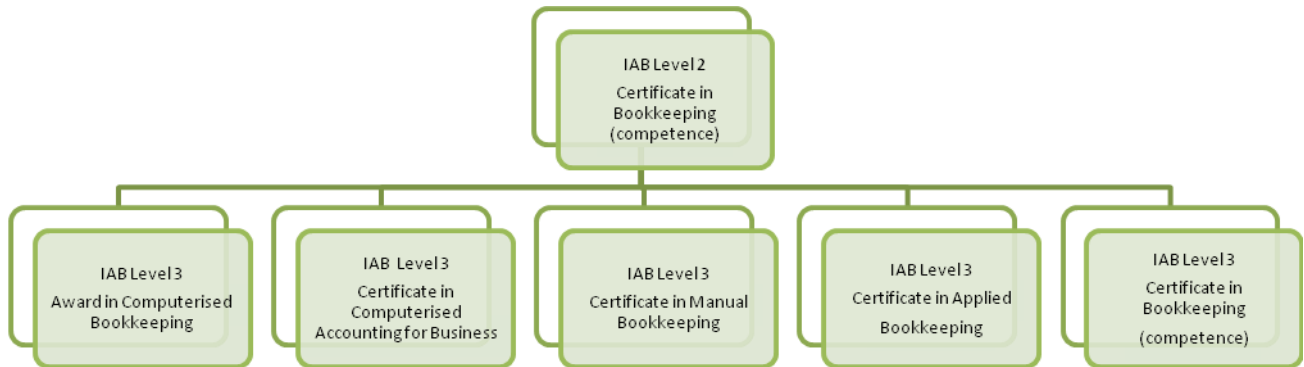

### **5 Statement of level**

This is a level 2 qualification as defined within the regulations of the Qualification and Credit Framework.

### **6 Entry requirements**

There are no formal entry requirements for the IAB Level 2 Certificate in Bookkeeping (QCF). However, it is recommended that before commencing a course leading to the IAB Level 2 Certificate in Bookkeeping (QCF), the prospective learner will already have basic skills in numeracy and literacy and some understanding of basic bookkeeping practices and terminology. The successful completion of the IAB Level 1 Award in Bookkeeping or the IAB Level 1 Award in Manual Bookkeeping would be ideal qualifications to allow progression to the Level 2 Certificate in Bookkeeping (QCF).

## 7 Progression

## 8 Qualification Structure

To achieve this qualification, all the **mandatory** units consisting of 16 credits must be achieved. The accreditation number, level and credit value of each unit is as follows:

\* If already covered in level 1 then no need to take the assessment

## 9 Assessment and Grading

With the introduction of the QCF the IAB has introduced additional assessments to supplement the standard form of examination. The additional assessments can consist of a combination of knowledge tests, assignments or a project. In order to successfully complete the qualification all the modes of assessment listed in the table below must be successfully completed.

For this qualification the IAB will provide all assessment material including knowledge tests, assignments and examination. For assessments other than the examination it is expected that the accredited centre will mark the original scripts with a 20% sample being forwarded to the IAB for external moderation. Front sheets will be supplied with answer books which will allow the recording of the marks for the assessment and allow for details of internal verification and external moderation. IAB examinations will be offered as standard sittings in January and June, or on an 'on demand' basis. All 'on demand' sittings are subject to a minimum period of notice.

### Internal verification of knowledge tests and assignments

The IAB needs to be assured that at least 25% of Centre based assessments have been internally moderated. A box to be signed by the Internal Verifier is provided for this purpose on the front sheet of the assessment answer booklet. In any batch of assignments forwarded for external moderation the IAB would expect to see some evidence of internal verification.

### External moderation of knowledge tests and assignments

It is the responsibility of each centre to choose a cross section of scripts for moderation by the IAB. The IAB would expect to see a high proportion of marginal passes together with scripts that are good passes. If the centre has any doubt about which scripts to send for external moderation they should contact the Education Department of the IAB.

The units for this qualification are assessed through the following methods:

Unit	Assessment
<b>Mandatory</b>	
Principles of recording and processing financial transactions	<b>Knowledge test 1</b>
Professional values and basic business legislation	
Principles of VAT	
Banking procedures*	<b>Knowledge test 2</b>
Preparing and recording financial documentation	<b>Assignment 1</b>
Maintaining and reconciling the cash book	<b>Assignment 2</b>
Maintaining petty cash records*	<b>End examination 1</b>
Maintaining the journal	
Processing ledger transactions and extracting a trial balance	
Maintain control accounts	

\* If already successfully completed in level 1 then no need to take the assessment

To successfully complete the qualification the candidate must pass each of the above **mandatory** elements of assessment. Units are graded as Pass or Fail and the minimum levels of achievement for each unit, within each mode of assessment, will be set as follows:

Knowledge tests	70%
Assignment	70%
Examination	70%

The qualification is not graded and therefore on successful completion the learner will receive a Pass in the Level 2 Certificate in Bookkeeping (QCF).

## **10 Certification**

On successful completion of all the mandatory units listed above, the learner will receive a certificate to confirm the achievement of the Level 2 Certificate in Bookkeeping (QCF). The certificate will include the full name and accreditation number of the qualification and the award of pass.

Learners may request a certificate for the successful completion of each unit of the qualification on payment of a unit certificate fee. The certificate will include the full title and accreditation number of the unit, the credit value and level of the unit.

The award of credit and the successful completion of the accredited qualification will be transferred to an individual's Personal Learner Record (if applicable).
